

AquaChill Gen 2 Series

Includes 3 spare filters, the pre-filter, and the hoses with couplings.

Features:

- **Touchscreen Integration:** Equipped with a user-friendly touchscreen switch for easy operation.
- **Wi-Fi Connectivity:** Allows remote control of water temperature via a mobile phone app.
- **Temperature Range:** Capable of cooling or heating water between 3°C and 40°C.
- **Ozone System:** Utilises ozone technology to maintain water cleanliness and reduce impurities.
- **Double Filtration System:**
 - **Pre-filter:** Designed to filter out hair and other large particles.
 - **Filter Core:** Efficiently filters grease and smaller contaminants – 20 micron water filter.
- **Water Pump System:** Ensures efficient circulation for optimal temperature control & thermally insulated hoses
- **Reduced Water Changes:** The combination of ozone and filtration systems minimises the need for frequent water changes.
- **Timing Function:** Offers programmable settings for automatic operation.
- **Anti-Freeze Function:** Protects the system from freezing in low temperatures.

Specification

Dimensions:	54 × 40 × 55 cm
Power supply required:	13amp power supply
Power:	1HP AC220-24V/50HZ
Max. input current:	6A
Refrigerant weight(R32):	500g
Max. water side pressure:	0.5MPa
Max. refrigerant pressure:	4.2MPa
Circulating cooling water flow:	2.1m ³ /h
Water side pressure loss:	< 30kPa
Protection grade:	IPX4
Noise:	53d B (A)
Net weight:	48 kg

Warranty

1 year parts manufacture warranty
